

**The Government is giving your school or childcare provider up to an extra £300 per year to spend on eligible children aged 3 and 4 through the Early Years Pupil Premium**

## **How could this help your child?**

This will help your child's early years setting/school to:

- Extend the facilities, equipment and learning experiences available to your child.
- Provide additional services to meet your child's particular needs and interests.
- Further support your child's individual learning and development.

## **What do I do next?**

If you think you qualify, it's quick and easy. Talk to your early years setting/school who will help you to apply.
