

# Housing Strategy Survey - paper copy

A new Housing Strategy has been developed for Nottingham to cover the period 2024-2028. The strategy outlines the vision, priorities, and actions for improving the quality, supply, and affordability of housing in the city. We now want to hear your views on the draft Housing Strategy, so that we can make any necessary changes to it before it is put in place.

The strategy is aligned with key council strategies and responds to the national and local context of housing challenges and opportunities. Your views will help us ensure that we have the right priorities and actions to best meet the needs of our communities

Have your say on the draft strategy by completing the survey below. The survey is open until Tuesday 27th August.

The detailed strategy and supporting documents can be found on our engagement hub: <https://www.nottinghamcity.gov.uk/engage-nottingham-hub/open-consultations/housing-strategy-consultation/>
