

Supply of plants

Benefit from our 20+ years of experience of growing award-winning plants. As well as recommending tried and trusted varieties we trial new plants to keep the mix fresh and interesting. We grow to your specifications, such as use of peat-reduced or peat-free compost.

For further information, please call Nottingham City Council Horticultural Services Manager John Pell on 0115 9152725 or email john.pell@nottinghamcity.gov.uk
